The President, A.P.State Dall Millers & Traders Federation, Hyderabad & General Manager, M/s Plant Lipids (P) Ltd., Kandukur, R.R.Dist. in the ref. 7th & 9th cited has requested this office for issue of directions to AMCs, Check post staff not to collect market fee on notified Agril. Commodities on transportation from other States to A.P. State.

In this regard, it is to inform that, as per this office Circular Instructions under reference 1st to 6th & 10th cited, all the AMCs were specifically directed not to collect market fee at Check Posts on notified Agril. Commodities in transit, if the commodity is brought from other States for processing and export purpose. The commodity particulars recorded at the border check posts shall be communicated to the concerned Market Committee every month, who in turn shall verify the transactions in the purchase returns submitted by the concerned trader. Claim of the trader-purchase that the commodity was purchased outside the State and transported into the State at the risk of the purchaser shall be examined for levy of market fee at the time of assessment. However if the commodity is resold in the State, Market Fees shall be collected on such resale.

In spite of specific instructions, it has come to the notice of this office that certain staff at check posts are collecting market fee on the commodities being imported from other States disregarding the instructions already issued which leads to legal complications in the matter.

In view of the above, the Secretaries of all AMCs in the State are instructed to follow the Circular Instructions issued by this office earlier vide ref. 1st to 6th & 10th cited scrupulously and also directed not to collect the Market Fee on the Agril. Commodities while in transit i.e., importing from other States, as the collection of market fee is in contrary to the instructions issued by the Department.

The above instructions should be followed strictly, failing which the matter will be viewed seriously and stern action will be taken against the concerned.
